FALL, 1910—SPRING, 1911.

---

SHIPPING SEASON opens about March 20 to April 1 in the Spring, and continues until May 20 to June 1, and opens about October 1 in the Fall, and continues until the ground freezes.

ORDERS.—Write plainly and give explicit directions as to address and mode of shipment; otherwise we will forward according to our best judgment. All goods travel at purchaser's risk. We assume no responsibility for the goods after delivery to the forwarding companies.

When losses occur by delays, claims should be made at once on the forwarding companies.

CLAIMS, to receive consideration, must be made within ten (10) days of receipt of goods.

While we exercise the greatest care to have all Trees, Shrubs and Plants genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that prove untrue, we do not give any warranty, expressed or implied; and in case of an error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods.

PACKING.—We take great care in packing, using damp moss to protect roots. Boxes and bales are charged for at cost.

TERMS, CASH WITH ORDERS, except to such persons as satisfy us as to their responsibility.

A Certificate of Inspection will accompany each shipment. Address all communications to office.

## CERTIFICATE OF INSPECTION.

Commonwealth of Massachusetts.

STATE BOARD OF AGRICULTURE.

Official Certificate No. 40.

Boston, August 13, 1910.

To Whom it May Concern:

**THIS IS TO CERTIFY** that I have this tenth day of August, 1910, completed the inspection of the Nursery stock, of the **EASTERN NURSERIES**, grown at Holliston, State of Massachusetts and find it to be apparently free from all injurious insects and diseases which might be transferred on nursery stock from the nursery to the orchard or garden.

This certificate is good until July 1, 1911.

(Signed) H. T. FERNALD, Inspector.

All our Evergreens are transplanted at frequent intervals, and in addition are root pruned yearly, in August.

It is our custom to give ample room in the nursery rows to allow for the development of each individual tree, so that nearly all of our stock can be best described as "Specimens," and increasing trade is showing its appreciation of prompt service.
